Thus the poor are poor owing to their own choices and effort, and not because the capitalist system presents obstacles to exiting their situation. Of course, the effort to unify social and natural science requires reaching some agreement on what the aims and methods of science are or should be.

This can be a significant achievement in its own right, even if the discovery is just a few examples of factual questions that social science can help answer. The truth – provided by the expert – enlightens the subjects of inquiry and, it is hoped, thereby sets them free.

We have no idea whether there are hidden jewels out there, just waiting for someone to discover them. The truth – provided by the expert – enlightens the subjects of inquiry and, it is hoped, thereby sets them free.
