Local Food Systems: Selected Resources

There is no established definition of what constitutes a "local food." Local and regional food systems generally refer to agricultural production.

If you haven't read the Congressional Research Service ("CRS") Report titled " The Role of Local Food Systems in U.S. Farm Policy" then I.

The Role of Local and Regional Food Systems in U.S. Farm Policy - Digital Library

Sales of locally produced foods comprise a small but growing part of U.S. agricultural sales. Estimates vary but indicate that local food sales.
