So while muscular Christians had sought to couple faith and body together, health and fitness increasingly splintered off from religion, becoming an interest pursued with the same kind of passion and single-minded focus formerly reserved for God. Of the two warring parties, the soul was the decidedly superior substance. Given this mixed bag of messages, early Christians generally took the tact that the body could be a blessing if properly disciplined, a temptation if not, and that physical health was important, but not as vital as spiritual salvation.

Here are just some of the topics this short book will cover: The Christian's... Many of these young fellows were not naturally criminals at all, but they had to have some outlet for their activities. The field of psychology particularly emerged as a replacement for the answer-finding, behavior-informing, life-directing authority which had formerly been the purview of religion. The question then becomes, what role should, and can, the faith actually play in encouraging men to reconnect with their physicality and masculinity?

Would you also like to submit a review for this item? But churches that ran gyms and sports leagues as just one part of their ministry had difficulty competing with athletic organizations and gyms that were wholly dedicated to that purpose, and staffed with trainers who were not part-time pastors and part-time coaches, but full-time fitness professionals. Slight shelf wear on cover.
