But I was intrigued. Harmony; 1 edition Dec 29 Language: Find your own balance and live the life you deserve.

May12,AmyJ.Thanksfortellingusabouttheproblem. Peter D'Adamo for his research work, dedication, and to let us know more about our genetics, in this book we get to explore more about who we are and the connection to our ancestors, the blood types helped tremendously to improve the health of lots of people, now we have another tool to communicate better with our genes and we are in a better position to prevent illnesses, have an ideal weight, take advantage of our genetic strenghts and quiet the threatening genes. This book is really interesting and easy to read.

Customerswhoboughtthisitemalsobought.I had read his Eating for Your Blood Type and liked it.
