Although memory has traditionally been a persistent theme in philosophy the

When does the soul enter the human body, as the sperm enters the egg or as they fuse into one cell or at a later stage?

Psychotherapy is an interpersonal relational intervention used by trained psychotherapists to aid clients in problems of living. Blumer D, Benson D.

True, the more complex the form of life, the more refined the motor responses. sensorimotor phenomena are not condemned to be mere inputs or outputs of intellectual operations, gateways or consequences of knowledge
