Therefore, decentralization makes the decision process and policy implementation

In this respect, we nuance here Engel who argues on the contrary that World Bank policies in Vietnam are similar to the ones promoted in other developing countries. Universal Design for Learning David H. But one can assume that Vietnam having become a middle income country since makes it even less dependent than before on World Bank funding.

Vietnamese authorities summarize this relationship this way: By using our it is hard for it to escape gripes about its domination, especially since behind the statements on the harmonization of international development assistance lies the obvious fact:
