An important factor in second language acquisition is not to fall back into talking the proper mother tongue. This and other theories based on semantic features that constitute the literal meaning of a word share the belief that categories of the mental lexicon have clear boundaries. Third, and this is probably the occurrence we are most unaware of, metaphors make part of our everyday language.

Packaging should be returned in an undamaged condition with the item. When done is proposed that this hierarchically organized system includes one particular module for syntactical structures, one for semantics and so forth.
