Regarding the skin you should know that very thick skin does not provide all the desired finesse to showcase new landmarks of the modified nose. It is best to wait until the end of growth before performing rhinoplasty or usually be at least years old. What is a nose surgery? Get to Know Us. Alexa Actionable Analytics for the Web. These simulations represent a tool for dialogue between the patient and the surgeon. The interior of the nose is examined to find any elements that may cause difficulty. The procedure usually takes one hour and a half to 3 hours. Write a customer review.
