Mary Shelley chose "The Modern Prometheus" as the subtitle to her novel. There are some good examples of Bradbury's short fiction in this collection. The sampling is so wide that no two stories can be tied .

Bradbury often uses famous authors or historical figures as characters. This View all 17 comments. It was published in but some of the stories are older than that, but this is really a timeless set of fictional parables, poems and ruminations. Must-read for anyone interested in this field.

This book is life changing and I would recommend it to. The application of electrical shocks became a popular treatment for a vast array of medical conditions in the 19th century and. Amazing, mind blowing book.
