Feb 13, Chrissy marked it as to-read. As a plus-sized human being I'm a size 16 for the record I still love reading about the behind the scene stories of theater which the illusion of fashion uses effectively to sell its glamor but this book just left a bad taste in my mouth. That may just be my own personal issue, but as someone who has done a lot of writing and editing in her day, I was just sorely disappointed on that front because it made the text start to feel stale and repetitive. Apr13, BeaElwoodratedititwasok. It gets an average rating due to its repetitive nature, the fact that there aren't enough pictures, in my opinion, for the subject matter and their demographic, and the advice could be a little more practical. Aug 05, Alex rated it it was ok Shelves: Written for young people interested in the world of fashion modeling.
