It has also been proposed that a more ancient proto-Celtic presence can be traced back to the beginning of the Middle Bronze Age when North Westwestern Italy appears closely linked regarding the production of bronze artefacts, including ornaments, to the western groups of the Tumulus culture. Slavery as practised by the Celts, was very likely similar to the better documented practice in ancient Greece and Rome. Besides epigraphical evidence, an important source of information nearly. Some elements of Celtic Christianity developed, or retained, features that made them distinct from the rest of Western Christianity, most famously their conservative method of calculating the date of Easter. However, the general form of the calendar suggests the public peg calendars or *parapegmata* found throughout the Greek and Roman world. However, since according to the definition of the Iron Age in the 19th century from " <https://>
