Some more practical details of practicing action research are then discussed. Chapter 4 Systems Thinking in Community Development.

Chapter 3 Operationalizing Sustainability in Community Development. Such

Chapter 9 Creating a Community Vision. Action Science Network

The Action Science Network aims to accurately describe and efficiently demonstrate the theory and practice of action science and, secondarily, to connect individuals and groups interested in working with action science. The principles of action research can be seen to underpin the development and improvement of practice in all the fields of inquiry within this site. The review must be at least 50 characters long. Instead, modernizing should be an option, education a priority, and change should happen gradually and with community consent.
