I found I had less and less use for a naked motorcycle that could go mph and I really needed a commuter that gave me mpg. I love just hopping on and riding.

Keep in mind, you're still out in the open. Search our marketplace for a massive choice of cruisers, scooters, off-roaders or tourers on Bike Trader Satisfied that the model reflected the real world accurately and the PCE value for motorcycles was accurate, TML next looked at the consequences on traffic flow of one in 10 car drivers switching to motorcycles.

I need better weather protection for when cold weather hits. Commuter motorcycles today boast better fuel efficiency than their precursors did, but they still offer less mileage than commuter bikes. I'm thinking used cc to cc.
