I'm a new mommy Wendy was born a massive, beautiful eight pounds seven ounces in May and I'll be frank: This book was not very well written. Read reviews that mention new parents sex life great read baby kerner tips born relationship helpful honestly married .

Transformation of the Mormon Marriage System, Inow can't wait to get home and I thought it was going to be a humorous but helpful book about finding time as a couple and maybe a bunch of entertaining anecdotes about when the kid wakes up or. What it ended up being was a poorly written heavy on the cheesy puns and hasty gender stereotypes book about how to understand both perspectives of the new parents - which seems to be that men want sex because they miss the intimacy of just being close to you, and women don't ever want to have sex again because they have been "over touched" all day by the baby which they love but now have nothing left for their man. The mind-blowing sex you once had now just blows.
