Here they excel, offering color in the drabbest months and a huge diversity of colors. In beds and borders they can be lightly clipped once the blooms have faded and this will encourage them to remain thick and lustrous, and to produce shoots which will flower again next winter. The growing conditions for these colorful plants are similar. Outstanding pink variety, double flower, dwarf habit.

Mario Abreu, staff gardener for the heather collection and president of the Society, will receive an informative yearbook, as well as three newsy Bulletins which contain a diary of events to keep members in touch with Society activities and new developments.
