By showing restraint, buying time to think and looking for the best option for all involved, people can make little changes that add up over time. Sep 03, Maureen rated it it was ok. Oct23, Jonny rated it it was amazing Shelves: By showing restraint, buying time to think and looking for the best option for all involved, people can make little changes that add up over time. Badaracco presents each principle with a brief introduction, followed by a case study and summary of the lessons to be learned. Quiet leaders view the world as a kaleidoscope, rather than a fixed target or a well-mapped terrain; self-interest, shortsightedness and chicanery often tumbled together with shards of loyalty, commitment and integrity.

Simplistic at times with some logical leaps not too many and less counter-intuitive from a four-year study of quiet leadership, Badaracco presents eight practical and counterintuitive guidelines for confronting situations in which right and wrong seem like moving targets.
