However, after the shah was deposed, the US decided that it no longer wanted Iran to have such technology. Excellent, well-documented and -annotated book. Reading the book, you really understand how the portrayal of Iran in western media and by western politicians are horrendously flawed and how extremely misled - we, the people, really have .

Why won't America go to Iran? Any Iranian dissident foolish enough to cozy up to the United States will immediately be dismissed as a subversive. Today the stakes are even higher: It makes sense that America tries to ostracize Iran to achieve Middle East hegemony.

The Clinton Administration needed a way to get arms to the Bosnia Muslims without Choose a language for shopping. As much as I agree with the authors' main policy recommendation, it is not at all clear that these arguments are consistent with each other or with the book's call to action.
